Library Systems Replacement Vision

Delivering excellence for our students and colleagues with the provision of a future focused, fully integrated Library system which enables an efficient and effective data management platform for colleagues, while ensuring physical and digital resources are visible and accessible for our students and researchers, building the foundation of their educational and exploratory journey.

The project team

- Project team roles
- Systems librarian
- C&D Team and collaborative working

Project Role	Present	Apologies
Project Sponsor	✓	
Project Manager	✓	
Business Lead	✓	
Senior Supplier	✓	
Quality Assurance	✓	
Quality Assurance	✓	
Senior User	✓	

The systems

- LMS - Alto 
- Discovery - EDS 
- RLMS - TARL Leganto 
- Digitisation - TACC 
- Inter Library Loans system - Rapid0

Over to you...

How would you feel about moving five systems so quickly?

www.slido.com

What did we lose along the way?

JOURNAL HOLDINGS

ORDER DATA

ILL HISTORY

Mitigations

Archive

Post implementation

Lessons learnt

- Working at pace
- Onboarding and tidying up data
- Supplier project managers
- Increased discovery
- Communication and relationships
- Reach out to others!

Reading Lists

- Almost delayed!
- Ensuring buy-in
- Migration criteria of lists
- Integration with VLE
- Bulk uploader tool

And we like being busy...

- Lean Library
- Rialto

ACCESSING RESOURCES

AWAY FROM CAMPUS?

Download Lean Library

Lean Library makes it easier to access journals and eBooks. It is a browser extension that automatically detects when you are on a site that the Library can give you access to.

Find out more via <https://libguides.derby.ac.uk/leanlibrary>

derby.ac.uk/library

derby.ac.uk/rialto

Benefits

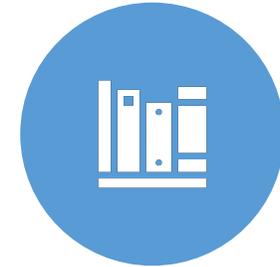

INTER LIBRARY LOAN
REQUESTS INCREASED
BY 300%

AN AVERAGE 77%
IMPROVEMENT IN
DISCOVERY USAGE

QUALITY OF READING
LISTS IMPROVED

LEAN LIBRARY USAGE
INCREASED BY 3,000%.

Over to you...

So.... was it innovation or insanity?
