

# DRAW YOUR OWN LIBRARIAN FANTASY CHARACTER

Immerse yourself in the realm of imagination and creativity with our captivating competition— embark on a journey where the pages of your mind come alive as you bring forth your inner artist.

In Task 1, armed with a prompt sheet and a Character Creation sheet, let your pencil dance and conjure your ultimate Librarian fantasy character, blending whimsy and intellect in a single stroke. Does your librarian hoard books like a dragon, or share the knowledge within like the sweet song of a bard? Will they hunt down late-returners and demand the overdue fees, or broker a deal and go adventuring with the patron? Be as creative as you like!

But the journey doesn't end there. Task 2 invites you to become part of the enchanting tapestry. Cast your vote by selecting a sticker for the design that resonates most deeply with your heart, the one that captures the essence of a librarian dreamt by another. Remember, you cannot champion your own creation – this is a symphony of admiration.

As the final chapter unfolds, the design that secures the most votes will ascend as the victor, adorned with the crown of popularity and bestowed with a coveted prize. Join us in celebrating the power of artistic expression and the allure of literary worlds, as we honour the Librarian fantasy characters that grace the corridors of our minds.
